Dear Valued Vendor,

As we strive to improve our payments processes through technological enhancement, we are implementing a Payments Program via Finexio which will optimize the payments process for our respective organizations. Finexio will assist us with the transition to virtual cards, along with delivering our payments going forward.

The benefits of the Finexio program include:

- **Faster Settlement:** Virtual cards are issued quickly, are delivered on the same day, and typically settle without delay - you get access to your funds sooner.
- **Easier Reconciliation:** Each payment includes detailed remittance advice tying back to specific invoices or work orders - less time spent reconciling or tracking down payments.
- **Improved Security:** Finexio virtual cards are single-use cards which carry a number of enhanced security measures ensuring they may only be processed by the appropriate payee.
- **Better Information:** Complementary 24/7 access to the Finexio Payee Portal where you can see all of your payment information.

A Finexio representative will be contacting you soon to provide details, answer questions, and assist you in the onboarding process. If you would prefer to sign up without speaking to a representative, please click the link below and complete the form.
